ACTUARY AND SECRETARY—HENRY GAMBLE HOBSON.

INVESTED FUNDS NEARLY £3,000,000.

CLAIMS PAID, . . . 3,465,015.

ANNUAL INCOME, . . . £457,220.

BONUSES APPORTIONED, . . . 1,465,911.

In 1890 the new business was 3898 Policies for the sum of £1,203,635. These satisfactory results have been attained by the great care which the Board have devoted to the selection of lives and investments, and by the policy they have pursued of dealing fairly and liberally with their constituents. Whenever it has been deemed safe to increase the privileges of the Assured, the Directors have modified the Conditions and Rates of Assurance to meet the popular demand. In the Revised Prospectus just issued new and important concessions are announced. Amongst them are:—

1. A short and simple form of Policy, which, under certain conditions, may be made world-wide and unchallengeable unless fraud has been committed.
2. Facilities for keeping a Policy in force if the Assured is unable for a time to pay the premium.
3. New Tables embodying popular schemes of Assurance, and Premiums calculated for every six months of age.
4. The retention of the surrender value at the call of the holder of the policy for thirteen months.

The next Bonus will be declared early in 1894, and the year 1891 is the last for new entrants who can share in that division.

THE BONUSES are distributed at a uniform rate per cent. per annum to every participating Policyholder; but in order to give the older Assurers a benefit greater than that of new entrants, the Directors have adopted the Compound Bonus System—that is, allotting

BONUSES UPON BONUSES.

as well as Bonuses on the sum assured, so that whilst at the last division new Assurers received an addition equal to £1 10s per cent. per annum, older Policyholders received as much as £2 6s 6d per cent. on the amount originally assured. This mode of division gives a prospect of increasing Bonuses to long-lived assurers, and yet does not unduly deprive recent entrants of their fair share in the profits which they have assisted to earn. At the last division the cash value of these reversionary Bonuses in the case of ordinary policies upon single lives varied from about 20 to 75 per cent. of the premiums paid during the quinquennium.

The difference between the Ordinary Bonus System and the Compound Bonus System as applied to a policy of thirty years' duration, sharing in six divisions of profit, is shown by the following table:—

Assuming that a Bonus of £1 10s per cent. per annum is declared at each division, the total amount payable would be—

By Her Majesty's

Royal Letters Patent.

MONTGOMERIE'S EXTRACT OF MALT DIGESTIVE BREAD, BISCUITS, RUSKS, &C.

IN the Manufacture, the BREAD, BISCUITS, RUSKS, &c., are put through a particular process before firing, and by the action of PATERSON'S EXTRACT OF MALT the Starch contained in the Flour is reduced to a minimum. The *diastase* of the Malt is made to act upon the Insoluble Starch, and to convert it into Soluble Dextrine, a change which is absolutely necessary as a part of the business of Digestion. Thus a bread is supplied so prepared that a part of the business of Digestion is already done, and is therefore more nutritious than ordinary bread, and is a valuable addition to the food of Children and Invalids.

The Subscriber respectfully intimates that he has acquired the right to manufacture the above for GREENOCK, PORT-GLASGOW, and GOUROCK, and confidently recommends the same to his numerous friends and customers.

The bread may be purchased from the Vans when in locality.

INLAND POSTAGE.

GENERAL REGULATIONS.

It is forbidden to put forward by post any indecent or obscene print, paintings, photographs, lithographs, engravings, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any other words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before the despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to :—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders, or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

LETTERS.*

The rates of postage are as follows,† viz. :—

Not above 1 oz.	1d
Above 1 oz. but not above 2 oz.	1½d
„ 2 oz.	„	4 oz.	2d
„ 4 oz.	„	6 oz.	2½d
„ 6 oz.	„	8 oz.	3d
„ 8 oz.	„	10 oz.	3½d
„ 10 oz.	„	12 oz.	4d
„ 12 oz.	„	14 oz.	4½d

And so on at the rate of every additional 2 oz.

A letter posted unpaid is chargeable on delivery with double postage, and a letter posted insufficiently prepaid is charged with double the deficiency. On a re-directed letter, the charge for re-direction is the same whether prepaid or collected on delivery.

No letter may exceed 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government office.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

RAILWAY LETTERS.

Certain Railway Companies will, on payment of 3d per letter, accept and convey by the next available train or steamship single Inland Post letters not exceeding 1 oz. in weight, either to be called for at the station of address, or to be transferred there to the nearest Post Office letter-box for delivery by postman.

ADDRESSES AND PETITIONS TO QUEEN AND PARLIAMENT.

Petitions and Addresses forwarded to the Queen are exempt from postage. Members of either House of Parliament may also receive by post Petitions and Addresses to Her Majesty, and petitions addressed to either House of Parliament, not exceeding 2 lbs. in weight, exempt from postage, provided such petitions and addresses be sent without covers, or in covers open at the ends.

PARLIAMENTARY PROCEEDINGS.

Printed Votes or Proceedings of the Imperial Parliament, in open covers, having the words "Parliamentary Proceedings" written or printed thereon, are allowed to exceed the limits of size and weight prescribed for book packets; and, even if wholly or partly unpaid, they are liable only to the prepaid book rate of $\frac{1}{2}$ d for every 2 ozs.

NEWSPAPERS.

- 1st. The prepaid postage on every inland newspaper is one half-penny, but a packet, containing two or more registered newspapers, is not liable to a higher rate than the book-postage upon it would be. For each transmission a fresh postage must be paid.
- 2nd. A Newspaper posted unpaid, or a packet of Newspapers posted unpaid, or insufficiently paid, is treated as an unpaid or insufficiently paid book-packet of the same weight.
- 3rd. Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as a Newspaper, as also for transmission to places abroad. Unregistered, a Newspaper is liable to the book rate of postage.
 - a. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.
 - b. It must be printed and published in the United Kingdom, and in numbers at intervals of not more than seven days.
 - c. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date at the top of every subsequent page. This regulation applies also to "Table of Contents" and "Indexes."
 - d. A supplement must consist wholly or in great part of matter like that of a Newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs, illustrative of articles in the paper. It must in every case be published with the paper, and have its title and date printed at the top of every page;

or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

- 4th. A Newspaper, if posted in a cover, must have such cover open at both ends, so as to admit of easy inspection.*
- 5th. The title of every Newspaper must be exposed to view.
- 6th. A Newspaper or packet of Newspapers must not contain any enclosure except the relative supplement or supplements.
- 7th. A Newspaper which has anything written on it, or its cover, of the nature of a letter, is liable to postage as an unpaid or insufficiently paid letter.
- 8th. A packet of Newspapers must not weigh above 14 lbs., or exceed two feet in length, one foot in width, or one in depth.

BOOK POST (Inland).

A Book Packet may contain, not only books, papers, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter, or communication of the nature of a letter), photographs, when not on glass, or in frames containing glass, or any like substance, and anything usually appertaining to such articles in the way of binding and mounting necessary for the safe transmission by post, but also CIRCULARS—i.e., letters which appear from internal evidence to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed.

- 1st. The postage is one halfpenny for every 2 oz., or fraction of that weight.
- 2nd. The postage must be prepaid, either by adhesive stamps or by means of a stamped wrapper, or by a combination of the two.
- 3rd. A packet posted wholly unpaid will be charged with double the book postage, and if posted partially prepaid with double the deficiency.
- 4th. Every book packet must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of the contents being easily withdrawn for examination,† otherwise it will be treated as a letter.
- 5th. A book packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), not being a circular letter, or not wholly printed, nor any enclosure sealed or in any way closed against inspection. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.) If this rule be infringed, the entire packet will be charged as a letter.‡
- 6th. No book packet may exceed 5 lbs. in weight, or 1 foot 6 ins. in length, 9 ins. in width, and 6 ins. in depth, unless it be sent to or from a Government Office.

* In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves as well as on the covers.

† In order to secure the return of book packets which cannot be delivered, the name and address of the senders should be printed or written outside, thus—"From _____, of _____."

‡ It is the duty of the Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine book packets posted at, or passing through, their offices.

INLAND PATTERN AND SAMPLE POST.

1. Trade patterns and samples of merchandise may be sent between places in the United Kingdom at the following rates of postage:—

For a packet weighing not more than 4 oz.	1d
For a packet weighing more than 4 oz. but not more than 6 oz.	1½d
For a packet weighing more than 6 oz. but not more than 8 oz.	2d

2. No packet must exceed 8 oz. in weight. The limits of dimensions are 12 inches by 8 inches by 4 inches. If either of these conditions be infringed, the packet will not be forwarded, but will be returned to the sender.

3. If a packet be posted wholly unpaid, it will on delivery be chargeable with double postage; a packet posted insufficiently paid will be chargeable with double the deficient postage.

4. The Postmaster General wishes it to be clearly understood that the post is expressly intended for the benefit of, and is absolutely restricted to, *bonâ fide trade patterns and samples of merchandise*. No article sent for sale, or in execution of an order (however small the quantity), or sent from a private individual, will under any circumstances be admissible; and if any such packet be posted prepaid at the pattern-rate only, it will be charged with double the deficient postage, *at the letter rate*, together with a fine of 6d.

5. Patterns and samples must be sent in wrappers (marked "Pattern Post" or "Sample Post") entirely open at both ends, and must be so packed that they may, to the satisfaction of the Postmaster General or his officers, be easily withdrawn for examination; but samples of seeds, flour, drugs, and such-like articles, which cannot be sent in open wrappers, may be enclosed in boxes (but in such a way as to admit of easy examination) or in bags of linen or other like material, tied at the neck. Closed bags, even if transparent, will not be allowed. In all cases where the requirements in regard to the mode of enclosure are not complied with, the packet will be returned to the sender.

6. It is obligatory that the name, address, and trade of the sender be in all cases *printed* on the outside of the wrapper, above the address. If this rule be not complied with, the packet will be liable to the penalty referred to in Clause 4. When returned to the Trader or Firm by whom they are originally sent, Patterns will pass if one of the following conditions are complied with:—

- a. They may be returned in the original wrappers, the written address being carefully crossed and the words "Returned Patterns" or "Returned to," being prefixed to the printed address of the Trader.
- b. By a reversible wrapper having the Trader's name, address, and trade, and headed "Returned Patterns."
- c. By a fresh wrapper bearing the printed address, &c., and heading above described.

7. The number, price, and private business marks may (as well as the address) be in writing, but no other writing will be allowed. In case of the infringement of this rule, the packet will be surcharged at the letter-rate.

8. No glass bottle, or glass in any form, may be sent; no explosive, liquid, semi-liquid, or greasy matter, nor powders of any kind which may stain or do other damage; nor any living creature.

9. Patterns or scissors, knives, razors, and other sharp articles, must be so packed and guarded as to completely prevent injury to the other contents of the mail bags, or to the officers employed, but the packets must at the same time admit of easy examination. When these requirements are not complied with, the packet will be stopped.

10. When necessary for securing due transmission, or delivery, of letters, patterns and samples may be kept back for the succeeding despatch or delivery.

POST CARDS.

1. Official Post Cards, impressed with halfpenny stamp; double or Reply Post Cards, impressed with halfpenny stamp on each portion of them, and private Cards, embossed at the office of the Inland Revenue with halfpenny stamps, may be transmitted between places in the United Kingdom with letters printed or written upon the back. Adhesive stamps are not accepted in payment of the postage.

2. The front (or stamped) side is for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached, except adhesive stamps in payment of additional postage or stamp duty, nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

3. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or delivery.

4. No Card other than one of those issued by the Government, or a private Card embossed with a halfpenny stamp at the Office of Inland Revenue, Somerset House, or at the Stamp Offices at Liverpool and Newcastle-on-Tyne, will pass under a halfpenny stamp, if it bear on it a communication of the nature of a letter (unless it be a circular letter.)

5. Post Cards for abroad, with impressed stamps of 1d, 1½d, 2d, and 3d each, are sold at those rates, and are transmissible to all the countries of the Postal Union, and Australia, New Zealand, and Fiji without extra charge.

6. Reply Post Cards for certain places abroad are also issued with impressed stamps of 2d, 3d, and 4d respectively.

REGISTRATION.

1. The fee for registering a letter, newspaper, or book-packet passing by post between any two places in the United Kingdom is twopence, and this registration fee and the postage must be prepaid, except on official letters for Government Offices in London, Dublin, or Edinburgh,

which may be registered on prepayment, in stamps, of the registration fee only.

2. No articles addressed to initials or to a fictitious name can be registered, unless it be addressed to the care of a person or firm.

3. Every article presented for registration must be enclosed in a strong cover, securely fastened. If the article contains money, it must, in order to gain the benefit of the guarantee, be enclosed in a Registered Letter Envelope sold by the Post Office; and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

4. Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of 8d (less any amount prepaid for registration), instead of the ordinary fee of 2d.

5. The latest time for posting registered articles on payment of the ordinary fee is usually half an hour before the closing of the Letter Box; but at all Provincial Head Offices and at the Chief Offices in Edinburgh and Dublin, articles bearing a late fee of fourpence, in addition to the ordinary registration fee, may be registered at any time within the half hour if the office is open to the public.

6. The loss of a registered article (as it can be traced through its whole course) is a rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent *unregistered*, valuable articles are exposed to risk; consequently, Inland letters or packets which contain coin, watches, or jewellery, if posted without registration, are subjected to registration, and are charged on delivery with a fee of eightpence in addition to the ordinary postage. If they cannot be registered in time to be forwarded by the mail for which they are posted, they are detained for the next despatch.

7. By law the Postmaster General is not responsible for the safe delivery of registered articles, but henceforth he will be prepared to give compensation for the loss and damage of a registered article lost while passing through the post *to an amount not exceeding £5*. Where in addition to the postage and the registration fee an insurance fee of 2d is paid, the Postmaster General will give compensation *to an amount not exceeding £10*, provided—

- (a.) That the sender duly observed all the conditions of registration.
- (b.) That the article was securely enclosed in a reasonably strong cover; and, if it contained money, that it was enclosed in one of the Registered Letter Envelopes sold by the Post Office. The compensation given in respect of the loss of coin shall not exceed £2.
- (c.) That application was made to the Secretary of the Post Office immediately the loss was discovered.

[When the complaint is that the contents of a letter or packet have been abstracted, the envelope must accompany the application, otherwise the question will not be entertained.]

(d.) That the Postmaster General, whose decision shall be final, is satisfied that the loss occurred while the article was in the custody of the British Post Office and was not caused by any fault on the part of the sender.

[The word "loss" here does not include damage to an article which in fact reaches its destination, or destruction by fire or shipwreck, or by the dishonesty or negligence of any person not in the employment of the Post Office.]

8. The Postmaster General will in every case either of loss or damage, if he thinks fit, reinstate the contents of a letter instead of giving pecuniary compensation.

9. Where compensation is given for the loss of a letter or of any article contained in a letter, the Postmaster General will reserve the right to retain and dispose as he thinks fit of the letter or of the missing article therein, in case it should subsequently come into his hands.

CONVEYANCE OF SINGLE POST LETTERS BY RAILWAY.

Railway Companies now accept and convey (as per agreement with the Postmaster General) Inland Post letters, not exceeding 1 oz. in weight, either to be called for at the station of address, or to be transferred there to the nearest Post Office letter-box for delivery by postman.

Letters intended for transmission by Railway must be handed in at the passenger or parcel booking office of the Company.

Upon every Railway Letter a fee of 2d will be charged in addition to postage at the ordinary rate. The total charge of 3d will defray the whole cost of transmission.

POST OFFICE EXPRESS DELIVERY OF LETTERS AND PARCELS.

Letters and Parcels are now accepted at the public counter of the Post Office, to be forwarded immediately per special messenger to any part of the Greenock town delivery.

The fee for the Express conveyance of a letter or parcel, in addition to the full ordinary prepaid postage, is for the first mile or under, 2d; for every mile or part of a mile beyond the first, 3d.

For a parcel exceeding 1 lb. and not exceeding 2 lbs.			0	4½
" 2 lbs.	" 3 "		0	6
" 3 "	" 4 "		0	7½
" 4 "	" 5 "		0	9
" 5 "	" 6 "		0	10½
" 6 "	" 7 "		1	0
" 7 "	" 8 "		1	1½
" 8 "	" 9 "		1	3

" 10 "	" 11 "		1	6

No Parcel can be sent exceeding 11 lbs. in weight.

2. The dimensions allowed for an Inland Postal Parcel are—

	FT.	IN.
Greatest length	3	6
Greatest length and girth combined	6	0

For example—

A Parcel measuring 3 feet 6 inches in length may measure as much as 2 feet 6 inches in girth.

A shorter Parcel may be thicker; thus—if it measure no more than 3 feet in length it may measure as much as 3 feet in girth (*i.e.*) round its thickest part.

3. The full postage must be *paid in advance*, by means of ordinary postage stamps, which must be affixed by the sender.

4. Parcels must not be posted in a letter-box, but must be handed over the counter of a Post Office.

5. No compensation either for loss or damage will be given in respect of—

1. A parcel containing anything which, according to the regulations for the time being, may not be sent by the Inland Parcel Post.
2. A parcel containing a watch, money, or jewellery.
3. No insurance can be effected on parcels containing any of the articles mentioned in the preceding rule.
4. Parcels containing watches, money, or jewellery, should be sent by Registered Letter Post.

The Postmaster General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to the rules herein-after mentioned, give compensation for the loss and damage of inland parcels according to the following scales, viz. :—

- a. Where no fee except postage is paid, the Postmaster-General will give compensation to an amount not exceeding £1.
- b. Where, in addition to the postage, an insurance fee of 1d is paid, the Postmaster-General will give compensation to an amount not exceeding £5.
- c. Where, in addition to the postage, an insurance fee of 2d is paid, the Postmaster-General will give compensation to an amount not exceeding £10.

In no case will a larger amount of compensation than £10 be paid. The compensation given in case of damage will be in proportion to that which would have been given had the parcel been lost.

No legal liability to give compensation in respect of any parcel will attach to the Postmaster-General, either personally or in his official capacity, and whether or not an insurance fee has been paid. Accordingly the decision of the Postmaster-General as to all questions of compensation will be final.

PROHIBITED PARCELS.

6. Parcels bearing or containing writing or marks of an offensive or indecent character; or containing gunpowder, cartridges, lucifer matches, or other combustible material, live animals, offensive or filthy matter, or any substance likely to cause injury to other Parcels, or to the officers of the Post Office, may not be sent through the post.

The net weight of each article contained in a parcel for Spain should be stated.

Parcels *must be sealed* for Continent of Europe.

No letter must, under any circumstances, be enclosed in these parcels.

INLAND MONEY ORDERS.

The Public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

The Commission on Inland Money Orders is :—

For sums not exceeding £1	2d.
„ exceeding £1 and not exceeding £2	3d.
„ „ £2 „ £4	4d.
„ „ £4 „ £7	5d.
„ „ £7 „ £10	6d.

No order may contain a fractional part of a penny.

The applicant must furnish, in full, the surname and at least the initial of one christian name, both of the remitter and the payee, and

the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name, must also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct, at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2nd. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3rd. The usual designation of a firm is sufficient, except when a company trades under a title which does not consist of the names of the persons composing it, as the "Carron Company," but even a designation of this nature may be accepted provided the Order be crossed for presentation through a Bank.

The holder of an Inland Money Order may direct, by crossing it, that the Order be paid through a Bank, even though its payment was not originally so restricted.

An Order once issued cannot be cancelled. Should repayment or transfer to a different office be required, the remitter or payee must make application at the nearest Money Order Office for the necessary form to effect such.

The remitter of an order has full control over the money until payment has actually been made by the Department. The remitter may make his Order payable ten days after date, provided that, when he obtains the order, he affix thereto in the presence of the Postmaster, in the space after the request C., a penny adhesive stamp, and write his signature across the stamp.

Money Orders do not require a receipt stamp.

Payment of an Order cannot under any circumstances be made on the day of issue.

Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless when a good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

After once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

TELEGRAPH MONEY ORDERS (INLAND).

Money may be transmitted by Telegraph Money Order between all Head and Branch Offices in the United Kingdom authorised to transact Telegraph and Money Order business. The commission is—

POSTAL ORDERS.

1. "Postal Orders," for certain fixed sums from 1s up to £1, are now issued and paid at all Money Order Offices in the United Kingdom, and at Malta, Gibraltar, and Constantinople. (India, Straits Settlements, Hong Kong, and Newfoundland issued only).

2. The following are the amounts for which Postal Orders are issued, together with the Poundage payable in respect to each Order :—

Amount of Order.		Poundage.		Amount of Order.		Poundage.	
s.	d.		d.	s.	d.		d.
1	0	.	$\frac{1}{2}$	4	6	.	1
1	6	.	$\frac{1}{2}$	5	0	.	1
2	0	.	1	7	6	.	1
2	6	.	1	10	0	.	1
3	0	.	1	10	6	.	1
3	6	.	1	15	0	.	$1\frac{1}{2}$
4	0	.	1	20	0	.	$1\frac{1}{2}$

Broken amounts may be made up by the use of postage stamps, not exceeding fivepence in value, affixed to the face of any one Postal Order.

3. The person to whom a Postal Order is issued must, before parting with it, fill in the name of the person to whom the amount is to be paid, and may fill in the name of the Money Order Office at which the amount is to be paid. The person so named must, before payment can be made, sign the receipt at the foot of the Order, and must also fill in the name of the Money Order Office, if that has not been already done.

4. If a Postal Order be crossed “ & Co., ” payment will only be made through a banker, and if the name of a banker is added, payment will only be made through that banker.

5. A Postal Order presented by or through a banker for payment, will not (in the absence of an express arrangement between such Banker and the Postmaster-General to the contrary) be paid until after such Order has been examined at the chief office.

6. After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

7. If any erasure or alteration be made, or if the Order is cut, defaced, or mutilated, payment may be refused.

8. The regulations under which Postal Orders will be issued allow the Postmaster to delay or refuse the payment of an Order, but he must at once report his reason for so doing to the Postmaster-General.

9. After the expiration of three months from the last day of the month of issue, a Postal Order will be payable only on payment of a commission equal to the amount of the original poundage, with the addition (if more than three months have elapsed since the said expiration) of the amount of the original poundage for every further period of three months which has so elapsed, and for every portion of any such period of three months over and above every complete period.

10. The commission thus paid must be affixed in Postage Stamps to the back of the Order.

SAVINGS BANK.

Every Money Order Office is also a Savings Bank, and is open for Bank business during the same hours as for Money Orders.

Deposits of one shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Bank, provided that such depositor shall not make deposits amounting to more than £30 in any year ending 31st December, or make any

further deposit when the amount standing in his name exceeds £150, exclusive of interest. When any depositor's principal and interest amount together to £200, all interest will cease so long as the balance of the account continues to amount to the said sum of £200.

Interest at the rate of £2 10s per cent. per annum (which is at the rate of sixpence a year, or one halfpenny a calendar month, for each complete pound) is allowed until the sum due to a depositor amounts to £200, when interest ceases. The calculation is made from the first day of the calendar month next following the day on which a pound has been deposited, or completed, up to the last day of the calendar month preceding the day on which a warrant for repayment is issued, and after each 31st December the interest is added to the principal.

When a depositor wishes to make a withdrawal from his account, he should fill up and forward to the Savings Bank Department a notice of withdrawal, which he can obtain at any Post Office Savings Bank. He will then receive by post a warrant, which he should present together with his book at the Post Office, where payment is to be made. The Postmaster General will endeavour to prevent fraud, and to identify every depositor transacting business with the Post Office Savings Bank; but if any person shall obtain possession of a depositor's book, and then fraudulently represent him to be the depositor, and by forwarding the proper notice of withdrawal, and by presentation of the depositor's book, and compliance with the rules of the department, shall obtain any sum of money belonging to that depositor, the Postmaster General will not be responsible for the loss thereof.

On making his first deposit, every person must give his Christian name and surname, and state his occupation and residence, and must sign a declaration, to be witnessed by the Postmaster, or by some person known to the Postmaster, or by a minister or churchwarden of the parish in which the depositor dwells, or by a Justice of the Peace; and if such declaration or any part thereof shall not be true, the depositor making the same shall forfeit all right to his deposits.

At every Post Office in the United Kingdom forms can be obtained free of charge, on which twelve penny postage stamps can be fixed; and when the form has been thus filled with twelve penny stamps, it will be received at any Post Office Savings Bank as a Savings Bank deposit for a shilling.

INVESTMENT AND SALES OF GOVERNMENT STOCK.

A depositor in the Post Office Savings Bank who desires to invest in Government Stock must send to the Controller of the Savings Bank Department, General Post Office, London, together with his deposit book, an application signed by him on a form to be obtained at any Post Office Savings Bank. Such investments can be made in Consolidated, Reduced, or New Three per cent. Stock, or in Two and Three Quarters or Two and a Half per cent. Stock.

Within seven days from the receipt of such application the Depositor's account will be charged with the current price of the Stock purchased and the commission, the necessary entries being made in his deposit book; and the Depositor will be credited in the Government Stock Register of the Post Office Savings Bank with the equivalent amount of Stock, and an investment certificate will be sent to him by post.

The minimum amount of Stock which may be purchased or sold

is one shilling, and not more than £100 Stock can be credited to an account in any year ending the 31st December, or £300 Stock in all.

For the purpose of an immediate investment in Government Stock a deposit to an amount not exceeding the value of £100 Stock with the commission may be made in one year ending the 31st December, irrespective of the limits for ordinary deposits.

Deposits for immediate investment can be made in the accounts of minors under seven years of age, the application to invest being signed at the time the deposit is made by the person, who, if the deposit were a first deposit, would be required to make the declaration, but the Stock cannot be sold until the minor attains the age of seven years.

GOVERNMENT INSURANCES AND ANNUITIES.

The Postmaster General is empowered, under the Act 45 and 46 Vict., cap. 51, to insure the lives of persons of either sex for any amount not less than £5 or more than £100. An insurance may be effected by any person not over the age of 65 years, and not under the age of 14 years; or, if the amount does not exceed £5, not under the age of 8 years. The Postmaster General is also empowered, under the same Act, to grant immediate or deferred annuities for any amount not less than £1 or more than £100 to any person not under the age of 5 years.

The persons whose lives are insured, or to whom annuities are granted by the Postmaster General, have direct Government security for the payment of the money at the proper time.

Forms of proposal for the insurance of lives and the purchase of annuities and information as to filling them up, may be obtained at any Post Office Savings Bank, where also the whole of the tables of the premiums to be charged may be seen or purchased.

FOREIGN PATTERN AND SAMPLE POST.

1. The pattern and sample post to foreign countries and the Colonies generally is restricted to *bonâ fide trade patterns or samples of merchandise*. Packets containing goods for sale, or in execution of an order (however small the quantity), or any articles from one private individual to another which are not actually patterns or samples, can only be forwarded as letters.

2. Patterns or samples, when practicable, must be sent in covers open at the end, and in such manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind, may be posted enclosed in boxes, or in bags of linen, or other material, fastened in such a manner that they may be readily opened.

3. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to places abroad. Liquids, glass, anything of a greasy nature, explosives, indigo, and powders of all kinds *are absolutely prohibited*.

4. A packet of patterns or samples sent to any place comprised in the Postal Union (except Belgium, France, Greece, Luxemburg, Portugal, Switzerland *via* France, or the United States), must not

exceed 8 inches in length, 4 in width, or 2 in depth, or 8 ozs. in weight. The limit to Belgium, France, Greece, Italy, Japan, Luxemburg, Portugal, Switzerland, *via* France, Argentine Republic, or the United States, is 1 foot in length, 8 inches in width, and 4 inches in depth, and 12 ozs. in weight. For non-union countries the limits are the same as for book packets.

POST OFFICE TELEGRAPHS.

INLAND TELEGRAMS.

1. The charge is 6d for the first 12 words, and $\frac{1}{2}$ d for each additional word. Addresses are charged for.

2. The amount covers the cost of delivery within the town postal delivery of the terminal office, if a Head Post Office; otherwise the message is delivered free within the limit of one mile only. When the terminal office, being a sub-office, is closed, exemption from portorage is allowed for one mile only if the telegram is delivered from the Head Office.

3. When the addressee resides beyond the free delivery, potorage is charged at the rate of 6d per mile or part of a mile for any distance under three miles from the terminal office; the charge being calculated from the boundary of the free delivery.

4. Beyond three miles portorage is charged for delivery by mounted messenger, at the rate of 1s per mile (in Ireland, usually only 8d per mile) for the whole distance from the office door.

5. The sender is responsible for all charges incurred for delivery, and must, when practicable, state the distance and pay the charge in advance. When the exact distance is not known, a deposit must be paid.

6. Should the sender have understated the distance, the deficiency is charged on delivery, but if he has paid too much, the excess is refunded.

7. Telegrams to be forwarded by post or by train from the terminal office must bear the words "by post" or "by train" at the end of the address, these words being charged for, and in the latter case a deposit of 1s is taken to cover the cost of conveyance.

8. A deposit of 5s is required upon all telegrams addressed to persons on board ship (unless the ship be lying alongside a wharf, jetty, or pier) to cover the cost of delivery.

9. The sender should prepay an extra half rate on all important telegrams to secure their repetition from office to office, thus diminishing

the risk of error. No copy of the telegram is in such case given to the sender.

10. The receiver of a telegram may have it repeated by depositing half the amount paid for its transmission to him. The money will be refunded if it should turn out that the telegram has been inaccurately transmitted.

11. The cost of a reply, not exceeding forty-eight words in length, may be prepaid.

12. Telegrams re-directed to a second address are liable to an additional charge.

13. Copies of a telegram directed to more than one person in the same free delivery are delivered at an additional charge of twopence per copy, in addition to a halfpenny for each word in the address of the copy. Each London Postal District is regarded, for this purpose, as forming a separate delivery.

14. Telegrams may be handed to Rural Postmen on their way to Telegraph Offices. Telegrams posted in any official letter-box will be sent by the next collection of letters to the Telegraph Office to which the letters are taken, and thence transmitted by wire, free of extra charge, provided they bear postage stamps sufficient to pay for transmission. Such telegrams should be legibly addressed "Telegram, Immediate."

15. Telegrams so posted insufficiently prepaid are forwarded to their destination, and the difference of charge is obtained from the addressee; but unpaid telegrams are not forwarded.

16. Postmasters may accept telegrams after the usual hours on payment of certain fees, provided that the terminal office is open, or that the attention of that office can be gained. These fees are as follows :—

- (a) If the office is not open for either postal or telegraph business, 2s, and 1s for messenger if one be required to call the clerk.
- (b) If the office is open for postal business but not for telegraph business, 1s, and 6d for a messenger if one be required to call the clerk.
- (c) If the office is open for the receipt of press news (but not for other telegraph business, or ordinary postal business), 1s.

Separate fees are payable for each telegram.

17. The above fees must be paid even if it subsequently appear that the telegram cannot be despatched.

18. When telegrams are handed in at an office which is open for an office which is not open, the following fees, if the telegram is to be delivered, are to be paid by the sender :—

- (a) If the office is not open for either postal or telegraph business, 2s, and 6d an hour if a reply has to be waited for.
- (b) If the office is open for ordinary postal business but not for telegraph business, 1s, and 6d for the messenger.

19. Telegrams written in Latin or in any European language are charged for according to the number of words they contain; but all

unintelligible words not forming part of Latin or of any European language are charged for at the rate of five letters to a word.

20. No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, such as "sub-lieutenant," "alms-houses," "twopence," &c.

All names of head offices and sub-offices are counted as one word, thus Malvern Wells and North Thoresby are chargeable as single words; but all other names are counted according to the number of words they contain, thus Park Lane counts as two words. As exceptions, O'Neil, Macdonald, and De La Rue are counted as one word each. So also are names with the prefix St., but double names of persons (like Smith-Payne), although written with a hyphen, are counted as two words.

21. The abbreviations can't, won't, don't are counted as one word; but there is a great risk of error.

22. Figures count at the rate of five to a word. In fractions one figure is added for the mark of division between the numerator and denominator. In groups of figures denoting time a stop is counted as a figure. In ordinal numbers, such as 1st, 3rd, the affix is counted as a separate word, as also a letter following a figure or group of figures.*

23. The initial letters denoting the several London Postal Districts are counted as one word for each group; but other initial letters are counted as one word each.

24. When the sender desires words to be underlined, or placed in a parenthesis, or within inverted commas, two extra words are charged for.

25. Special instructions, such as "private," "confidential," "to be opened at once," or the like, written at the sender's request on the envelope of a message, are charged for as part of the message.

26. The sender may have his telegram cancelled, and if done before the commencement of transmission the sum paid will be returned, on application being made to the Secretary, General Post Office, within three months.

27. Telegrams addressed to a Telegraph Office to be called for are kept for two clear days.

28. Telegrams for the re-direction of letters must be paid for at the ordinary rate of charge, and must in all cases bear the sender's signature.

29. Telegrams indecently worded, or appearing to contain matter of a libellous or grossly offensive character, will not be transmitted.

30. The Department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

31. Telegraph Offices (with the exception of Receiving Offices in London and other large towns) are, as a rule, open from 8 a.m. to 8 p.m. on week days. On Sundays the hours of attendance are usually from 8 a.m. to 10 a.m. in England, and from 9 a.m. to 10 a.m. in Scotland and Ireland. Certain Offices are open longer, and information as to the hours at those Offices can be obtained at any Telegraph Office.

Press telegrams—information respecting may be obtained on application to the Secretary, General Post Office, London, E.C.

* A stop is counted as a word in such combinations as 2 $\frac{3}{4}$ and $\frac{3}{4}$ ·2. The combination $\frac{3}{4}$ 1 counts as two words.

FOREIGN TELEGRAMS.

(Chief Regulations founded upon the International Telegraph Convention.)

1.* Foreign telegrams are divided into three classes—ordinary, code, and cypher.

2. In code telegrams, only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin are allowed ; but all of these languages may be used in one telegram. Proper names are not allowed in the text of code telegrams, except in their natural sense. Words of more than 10 letters are not allowed unless paid for as cypher.

3. Cypher telegrams must be composed exclusively of figures or exclusively of letters. Cypher telegrams written in letters are not accepted for places not in Europe or North America. Five letters or figures count as one word in the case of European telegrams, and three in the case of Extra-European telegrams.

4. The address of the receiver must be paid for, and must not consist of less than two words, a name and a town.

5. The address of the sender is charged for if transmitted ; in any case it must be written at the foot of the form.

6. In ordinary European telegrams the length allowed for a single word is 15 letters, in Extra-European telegrams 10 letters ; additional letters being charged for at the rate of 15 or 10 letters respectively to the word.

7. Subject to the limit imposed by Rule 6, compound words and names of persons and places written without break are counted as single words. If joined by a hyphen, or separated by an apostrophe, or other sign of punctuation, they are counted as so many separate words. In the address of a telegram the names of the place and country for which the telegram is intended are counted as single words, whatever their length.

Words incorrectly spelled, so as to reduce the number of letters below the maximum, or words incorrectly joined together, contrary to the usage of the language, cannot be accepted as single words.

8. Every separate letter or figure is charged for as one word, and in European telegrams every group of five figures or letters is counted as one word, larger groups being counted at the rate of five figures or letters to a word, plus one word for any excess. In Extra-European telegrams, groups of figures (or letters when these are trade marks) are counted at the rate of three to a word, plus one word for any excess. Bars of division, decimal points, and stops used in numbers are counted as figures, and also letters added to figures to form ordinal numbers.

9. Addresses should be written in French or in the language of the country to which the telegrams are to be sent ; and the full address of the addressee should be stated : the sender is held responsible for an incorrect or insufficient address. Corrections in the address can only be made by means of a fresh telegram, which must be paid for at the ordinary rate.

* The rates be may ascertained at any Post Office or from the Post Office Guide.

10. The sender of a telegram can prepay a reply. If the reply is to contain 10 words, the indication "R P" is inserted and charged for as one word; if it is to consist of more or less than 10 words, the words "R P —" are inserted and charged for as two words. More than 30 words cannot be prepaid.

The amount prepaid for a reply to an European telegram will in no case be refunded; but if no reply be sent in the case of an Extra-European telegram, the amount will be refunded to the sender, provided that application is made by the addressee and the reply form returned to the telegraph administration of the country which delivered the telegram within six weeks. No allowance is made if the charge for the reply is less than the amount prepaid.

11. The sender can have his telegram repeated from office to office throughout the whole course of its transmission by paying an additional quarter rate, plus the charge for an additional word, the expression "T. C." being inserted immediately before the receiver's address.

12. On payment of a charge equal to the inland rate, the sender can have the telegram repeated between the office of origin and the office in Great Britain at which it is handed over to the Cable Company.

13. The sender may have a notice of the time at which his telegram was delivered transmitted to him by telegram on payment of an additional rate for 10 words, plus the charge for one additional word, the expression "C. R." being inserted before the receiver's address.

14. The receiver of a telegram can, by applying within 72 hours after its delivery, obtain the correction of passages which are doubtful, by paying for two separate telegrams, viz.:—One requesting the repetition, and the other consisting of the reply, plus one word for the name of the addressee.

The amount is refunded on application to the Secretary, G.P.O., if the telegram has been inaccurately transmitted.

If the repetition shows that only a portion of the telegram was inaccurately transmitted, a proportionate part only of the amount paid for repetition will be refunded.

15. The receiver of a telegram addressed to a place in the United Kingdom may have it repeated from the office of the Cable Co. by paying the ordinary inland rate for the part of the telegram which he wishes to be repeated; and if it be found that an error has taken place the amount so paid will be refunded.

16. In telegrams to be left until called for at Telegraph Offices or at Post Offices, the words "Telegraphe Restant" or "Post Restante" must be inserted as part of the receiver's address.

A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram, and a sum of 5d must be prepaid for every extra copy to be delivered if the number of chargeable words does not exceed 100; an additional sum of 5d being charged for every additional 100 words or part of 100 words.

In calculating the charge all the names and addresses are included.

Telegrams having multiple addresses are not accepted for America.

17. Under no circumstances is the charge for an uncolated (uncolled) telegram, which has been inaccurately transmitted, refunded. The cost of a collated telegram which has been inaccurately transmitted

is returned when it is shown that the telegram was rendered useless thereby.

The cost of telegrams which have failed to reach their destination owing to some error on the part of the telegraph service, and the cost of telegrams which have been delayed beyond two days in the case of European, and beyond six days in the case of Extra-European telegrams, from other causes than interruption of the telegraphic communication, is returned to the senders.

The cost of any telegrams which may have been rendered necessary in consequence of the non-delivery, delay, or incorrect transmission of a telegram is in no case returned.

The amount paid for a telegram cancelled before transmission has commenced is returned, less the sum of fivepence. If the telegram is cancelled after transmission has commenced, but before it has reached the place to which it is addressed, any balance of charges which may be due to the sender will be returned.

18. Claims for reimbursement of the charges paid for telegrams should be accompanied—

1. In the case of non-delivery by a written statement from the terminal office, or the addressee, that the telegram has not been received.
2. In the case of error in a telegram of which the sender has prepaid the repetition to the office of destination, or of delay, by the actual message form delivered to the addressee.
3. In the case of error in a telegram of which the receiver has paid the repetition from the office of origin, by the original message form delivered to the addressee, together with the form upon which the repeated telegram is written.

19. Claims for reimbursement in the case of European telegrams are not entertained unless made within two months of the date of the original telegram; nor in the case of Extra-European telegrams, unless made within six months from the date of the original telegram.

Foreign administrations decline to make any inquiry into complaints which do not involve a return of the cost of the telegram within the limit of rule 17.

PRIVATE WIRES AND TELEPHONE EXCHANGES.

1. A line of private wire between the place of business or residence of a firm or private individual and a Postal Telegraph Office, or between two or more places of business or residence, may be rented.

Besides receiving from and sending to the Postal Telegraph Office his messages by wire instead of by hand, the renter has the privilege of sending messages over his private wire to be forwarded from the Post Office as ordinary *letters*.

In any town where a sufficient number of wires are led into the Head Postal Telegraph Office, a Telephone Exchange can be formed, and messages transmitted by one renter to another *direct* without the necessity for a repetition at the Postal Telegraph Office.

2. Greenwich mean time is supplied by electric current every hour in the day in London, and at either 10 or 1 o'clock to places in the country.

The list of charges and the regulations can be consulted at any Post Office.

CUSTOM OF THE PORT.

The Chamber of Commerce and Manufactures of Greenock, at a General Meeting held this day, declare that the following is the Custom of the Port of Greenock, with reference to the matters herein referred to, applicable when no special stipulations are made in Charter Parties or other binding documents :—

I.—ENTERING CARGO.

1. When a vessel has been reported at the Customs, the Master gives notice to the Consignee, and the latter is bound, within forty-eight hours after such notice, to enter the cargo at the Customs.

II.—BERTHING VESSEL AND DELIVERING CARGO.

1. Vessels are bound to discharge at the berths assigned by the Harbour Master, and Consignees are bound to take delivery of cargo from alongside when landed at the quay at said berths.

2. In the case of Timber discharged into the water, the Consignee is not bound to take delivery unless the timber is inside a Harbour Basin, so that when the assigned berth is not inside a Harbour Basin, the ship is bound to float the timber into a Harbour Basin, and deliver it there.

3. All deals, staves, or broken stowage must be landed on the Quay by the ship.

III.—TIME FOR DISCHARGING WHEN NO NUMBER OF LAY DAYS IS SPECIFIED IN THE CHARTER PARTY.

1. When the vessel is in the berth assigned by the Harbour Master, the Master gives notice thereof to the Consignee, and the Master is bound to begin delivering, and the Consignee to begin taking delivery of the cargo within twenty-four hours thereafter, provided the time allowed for entering the cargo shall then have elapsed.

2. The Master is bound to tender, and the Consignee to receive, cargo each working day, weather permitting, at the following rates, unless a larger quantity is mutually agreed on, or unless modified by the Harbour Master, in virtue of the powers possessed by him under the Harbour Bye-Laws.

* (a) SAILING VESSELS LADEN WITH SUGAR.

b. (Deleted 20th November, 1888.

c. The discharge of vessels laden with other non-dutiable goods to be carried on during the ordinary working hours according to the season of the year—unless when overtime is worked by mutual agreement, and Consignees are bound, weather permitting, to keep the discharge going continuously during said hours, and to receive and to remove the cargo from the ship's gangway in such a way as to enable the work to be carried on without interruption throughout the entire discharge to the full extent of the ordinary hours allowed for carrying on the work.

IV.—LAY DAYS WHEN THE NUMBER IS SPECIFIED.

1. The Master gives written notice to the Consignee when the vessel is in the Discharging Berth assigned by the Harbour Master and ready to discharge, and the lay days begin to count from the date on which the said notice is given; but the day of giving notice does not count as a lay day unless the said notice is received by the Consignee before Twelve o'clock noon.

2. In case the harbours are so crowded that the vessel cannot be berthed, the Master gives written notice to the Consignee when the vessel is in the Harbour Basin or moored at the Quays, and, provided she would have been ready to begin discharging if the berth had been available, such notice takes the place of that provided in the previous clause.

3. Days (not described as "running days") meaning working days—*i.e.*, Sundays and Customs and local holidays, do not count.

4. When the number of lay days is specially mentioned for discharging, the Master is bound to tender, and the Consignee to take delivery, of a proportionate quantity of the cargo each working day, unless some other quantity is mutually agreed on.

NOTE.—Should the said proportionate quantity be less than the quantity specified above (Section III., Clause 2), the Master is bound to tender, and the Consignee to take delivery, of the latter quantity each working day.

5. When the number of lay days for discharging is the unexhausted balance of a number specified for discharging and other purposes, the quantity to be tendered and taken delivery of each working day is the

quantity specified above (Section III., Clause 2), unless a larger quantity is mutually agreed on.

6. A day does not count against the Consignee if the discharge is interrupted through failure of the Master to tender cargo as above stated.

V.—SETTLEMENT OF FREIGHT.

1. Freights on wood and timber from ports in Canada and United States are payable, one-third in cash on arrival, and the remaining two-thirds on right and true delivery of the cargo, in good and approved Bills at four months, or in cash less four months' discount at the rate of five per cent. per annum, from the date of completion of discharge.

2. All other Freights, except Coasting and Continental Freights are payable on right and true delivery of the cargo in cash, less one month's discount at the rate of five per cent. per annum, from date of vessel's report at Customs, in cases of cargoes from ports on this side of Cape Horn and the Cape of Good Hope, and less two months' discount at the said rate in cases of cargoes from ports on the other side of the said Capes.

3. Freights on goods payable by weight are payable on the net weight delivered, unless otherwise specially stipulated, except Coasting and Continental Freights, which are payable on the gross weight, unless otherwise specially stipulated. Freights payable by measurement are payable by calliper measure, unless otherwise specially stipulated.

4. When Freight is payable by a Bill on Usance on London or in cash equal thereto, cash without discount is meant, or a Bill for the same amount on London at such a date as the Banks here will grant without charge.

5. Approved Bills means Bankers' Drafts or Acceptances guaranteed by a Banker.

6. When the ship is consigned to charterers or their agents paying usual or customary commission, the consignee of the cargo is entitled to deduct two-and-a-half per cent. from the amount of Freight payable by him.

NOTE.—When Freight is to be paid in cash on right and true delivery of the cargo, without reference to the custom of the port, net cash free from discount is meant.
